The features that separate SMART from the competition:

Interactive Display

The commercial-grade, HD/LCD display enables an unrivalled touch experience.

Enhanced Audio

Up to 5 tabletop microphones can be connected, ensuring effective coverage and integrated speakers offer high quality sound.

Panoramic Video

The HD camera has a 109 degree field of view that displays the entire room and adapts to any lighting condition.

Immediate Startup

Equipped with Proximity Detection, the display turns on when you walk into the room and meetings are loaded by pressing a button.

Administrative Console

With its 11.6" display, the console has large touch points, which makes controlling the overall meeting easier without the need for a remote control.

Premium Services

Implementation and adoption consulting services ensure your SMART Room System is installed properly and is used effectively. Its reporting options give you detailed insight into system usage.

Interactive Sharing

Enable dual touch and inking capabilities onto any application by plugging in a laptop and conducting a desktop share. Access the revolutionary Unbound Workspace, which lets you pan and zoom to any level of detail, whatever the detail and complexity of the content.
